Uzbek

English

Sherzod Axadov

Frontend Developer(Vue/Nuxt)

Enthusiastic frontend developer specializing in bringing creative designs to life through pixel-perfect, responsive web applications. With a solid foundation in HTML, CSS, and JavaScript Vue/Nuxt, I've successfully delivered visually stunning and user-friendly interfaces. Constantly evolving with the ever-changing tech landscape, I am eager to contribute my skills to innovative projects. Let's connect and explore the possibilities of creating impactful web experiences together.

Experience

January 2023- February 2023

RoboticsLab Internship

Motivated frontend developer skilled in React, Redux, and JSX. Built an interactive e-commerce platform with features like product filtering and shopping carts, focusing on seamless user experience.

February 2023 - March 2023

ltransition Internship

Aspiring frontend developer skilled in React, Context API, and performance optimization, with a focus on building reusable components and intuitive user interfaces

March 2023 - June 2023

UIC Group Internship

Detail-oriented frontend developer skilled in Vue.js, with experience building a real-time chat app featuring efficient data flow and responsive design

July 2023 - April 2024

UIC Group Frontend Developer

Highly motivated and results-oriented frontend developer with extensive experience in building complex and scalable web applications using the Vue.js ecosystem. Possesses a mastery of Vuex for centralized state management, Pinia for lightweight state management, Vue Router for seamless navigation, and Nuxt.js for server-side rendering and enhanced performance.

April 2024 - November 2024

Uniplatforms Frontend Developer

In my role, I managed IT Park's projects involving the implementation of HRM and CRM systems, ensuring that client requirements and deadlines were met. Additionally, I provided technical support and troubleshooting for HRM and CRM systems and created and maintained comprehensive project documentation and user guides.

November 2024 - Present

Raqamlashtirish Markazi Frontend Developer

Worked on MIIT's test project dashboard, contributing to the development and optimization of key features. Focused on improving user experience, system efficiency, and overall project functionality. Collaborated with a team to ensure seamless integration and deployment of updates.

February 2025 - Present

Zett uz Frontend Developer

Developed the frontend of a business management platform with modules for inventory, sales, clients, marketing, employees, and reporting. Implemented complex filters, sortable tables, dashboards, notifications, and sales flows, streamlining operations and improving efficiency
